

Camping off the grid
has never been easier!

POLAR[®] 10DC

12V COMPRESSOR REFRIGERATOR

Polar[®] 10DC is the only refrigerator with these exclusive features:

- Energy-efficient, road-ready 12 Volt compressor for extended off-grid camping.
- Fully-customizable, computerized control center with five independent freezer and refrigerator settings.
- Quietest compressor on the market at only 39dB...*"That's quieter than a library!"*
- Exclusive *Night Mode* reduces power usage and compressor noise to only 34dB!
- Robust, expanded foam-filled residential stainless steel doors.
- Integrated RV travel door latches.
- Super-bright LED lighting, adjustable glass shelving, clear door bins and two extra large crispers.
- Environmentally-friendly refrigerant approved in all 50 States, Canada and Europe.

Designed for the RV Lifestyle
