

A SUPERIOR LUXURY LIGHTWEIGHT.

Surveyor

OVER 15 YEARS OF CRAFTSMANSHIP
AND EXPERIENCE. TOP 10 SELLING
LIGHTWEIGHT BRAND IN USA AND CANADA

BUILT TO A HIGHER STANDARD

1 5 SIDE ALUMINUM CAGE CONSTRUCTION

Aluminum framing around all openings resulting in the best structural integrity in its class.

2 LAMINATED WALLS AND FLOORS

Sidewalls, rear walls, slide room end walls, & floors are all pinch roll laminated construction with 100% glue coverage.

3 FULLY WALKABLE ROOF

16" on center aluminum trusses featuring 3/8" decking, residential insulation and PVC roof membrane for maximum durability and protection.

4 DUCTED A/C - ALL MODELS

Unlike other manufacturers, every model we build comes standard with ducted A/C featuring adjustable and closable vents throughout.

5 ENCLOSED & HEATED UNDERBELLY

Fully enclosed underbelly with radiant heat. Our 2 inch aluminum floor features block foam insulation and double layer plywood on the interior, offset for higher integrity.

6 BLOCK FOAM INSULATION

Cut to exact size to fit every opening in our walls and floors so no air can pass through, resulting in maximum insulation.

7 AUTOMOTIVE STYLE WINDOW SEALS

All windows feature anti-wick sealant and a D seal which adheres to the side wall creating a water tight bond. No caulking and zero maintenance required.

8 GEL COAT FIBERGLASS EXTERIOR

Easy to clean and repair, and won't fade like flon walls.

9 3/4 FIBERGLASS CAP & DIAMOND PLATE

Our Luxury lineup features a 3/4 gelcoat fiberglass cap and black diamond plate for maximum protection from road debris.

10 QUALITY ASSURANCE & TESTING

Daily testing at our offsite Pre-delivery Inspection (PDI) building and RVIA certified.
