## SERIES

- 1. Aluminum Construction**- Aluminum Framing around all opening resulting in the best structural integrity in its class.
- 2. Laminated wall-slide-out walls, floors & roof section**- All are pinch roll laminated construction guaranteeing 100% glue coverage.
- 3. Block foam Insulation**- Cut to exact size to fit every opening in our walls, floors and roof. This construction ensures the best insulation and allows us to ensure your unit is ready for any environment.
- 4. Over-sized Nitrogen filled all Terrain tires**- The highest ground clearance in its class.
- 5. Frame mounted walkable steel fenders**- This allows you to stand on the fenders to access the roof. Making all your outdoor equipment much more accessible.
- 6. Fully walkable Xtreme Ply PVC roof**- The strongest RV roof on the market! With 2 times the puncture strength! It is the most energy efficient and reflective roof out there, keeping your trailer cooler. Comes with a 15 year 100% manufacturers warranty!
- 7. Fully enclosed underbelly with enclosed gate valves**-the enclosed underbelly protects the tanks, plumbing, wiring, and chassis of the trailer.
- 8. Rhino Rack Rooftop system**- Innovative and durable rooftop storage. Allows you to bring your kayaks, surfboards, mountain bikes and outdoor gear on every adventure!
- 9. 12 foot exclusive Thule box awning**- Can be enclosed for additional protection.
- 10. Aluminum roof ladder**- Additional roof access to all your out door gear.
