The 39RKFB is designed with your dream kitchen in mind. A cupboard for every pan, a shelf for every dish, and enough counter space to prepare a meal for the entire campground.

The kitchen features a residential stainless steel dual bowl sink, Fischer Paykel dishwasher, 18 cu. ft. French door refrigerator, and 30" stainless steel microwave. In the spacious living room, you'll find the added convenience of a standard desk, giving you the benefit of an office without sacrificing space (optional hide-a-bed sofa in place of desk).

39RKFB

39RBFL

The 39RBFL is equipped with a master suite full bath featuring dual sinks and large shower. A second half bath comes standard with a washer and dryer. Cozy up in front of the electric fireplace in your generously appointed living area and enjoy the "lifestyle of luxury."

Overall, every aspect of this luxury unit is grandly appointed and thoughtfully detailed for comfort and convenience.

42FSKG

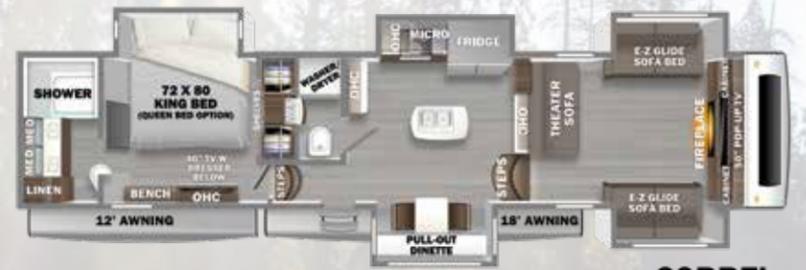

The Riverstone Series isn't just about luxury, it's about convenience. Our toy hauler models allow you to take your favorite hobbies on the road. The cargo area features motion sensor floor lighting and is capable of fitting a lifted golf cart or a tricked-out motorcycle.

3850RK

The 3850RK boasts a tremendous rear kitchen open to the living area, which makes it great for socializing. Everyone will have great views of the main TV for watching the big game! This model also includes an awesome full size desk which can be replaced with a second sofa bed for family camping, and a luxurious bath with two sinks.

R

3950FWK

The 3950FWK features a huge front kitchen with a beautiful view from the front window. This kitchen not only has a tremendous amount of storage, but also provides a lot of working space to make meal prep a breeze!

This kitchen is also open to the living area, making it very social—including a wonderful view of the TV. The living area also includes a desk that can be replaced with a second sofa bed for family camping.

CUSTOMER SATISFACTION

www.ForestRiverBuyLocal.com

UVW (Unloaded Vehicle Weight)* is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity) is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. Estimated average based on standard build optional equipment. See back page for additional specification definitions.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
