CHEROKEE

TRAVEL TRAILERS FIFTH WHEELS & DESTINATION TRAILERS

274VFK

NATURAL

The 274VFK with a Chef's Kitchen as seen here allows for preparation and visitation all at the same time. It features Cherokee's rock feature wall, super slide-out and floor to ceiling style lite windows to enjoy all your surroundings. This floor plan has the convenience of a double entry master suite and bath, which allows for privacy and convenience. As with all Cherokee products the ambient LED under awning lighting offers accessibility without offending neighbors.

274RK NATURAL

The 274RK features a super slide with full sofa along with his and her recliners. The rear kitchen with floor to ceiling broom closet/pantry as well as 40" slide-out drawers under the booth dinette allow for more storage than most multiple slide-out coaches. The large door side picture window allows for enjoying the outdoors during in-climate weather or the heat of the day. With the queen walk around bed over bed cabinetry and bath entry the master suite is comfortable.

274DBH

NATURAL

The 274DBH is the ultimate family camper. With a double entry and access to the bath from outdoors wet beach feet won't track the entire coach up. The two Double Bed bunks with ladder access allow the kids to bring friends without having to sleep on the floor. With the commotion of fun mom and dad can slide their master suite doors closed and recharge in privacy. The full pantry gives you more than enough storage for the groceries of a growing family.

39RL ESPRESSO

Cherokee's destination travel trailers, shown here with optional wood blinds (only available in Destination Trailers), offer all the conveniences of our standard travel trailer lines and more! With 8' interior height, you will feel right at home during your extended stay. With more residential appointments, comfort, convenience and safety are Cherokee's primary wishes for your stay.

255P

ESPRESSO

The 255P is engineered to exceed your RV expectations. Cherokee fifth wheels come standard with front fiberglass caps. This 255P with rear kitchen and bar, has opposing living area slides and a side aisle bath for master suite seclusion. Cherokee's chocolate wood interior and rough-hewn plank wood linoleum lend to our attractive interior design.

CHEROKEE INTERIOR & EXTERIOR FEATURES

A Cherokee's Power Awning, found in our optional Limited Package, provides an easy way to shade the exterior patio area with just a push of a button.

B Cherokee's optional Power Bunk (patent pending) is available in all super slide models with a booth or u-shaped dinette, sleeps up to 850 lbs. (when resting on its' center support), can store shotguns or fishing poles and operates with the push of a button. This unique feature is unnoticeable when recessed and out of use.

C A huge, residential pantry is featured in select models; giving you an abundance of storage for camping supplies.

D Our Upgrade Sofa, found in our Limited Package, features fold down cup holders which is an ideal location to set your favorite beverage.

E The rear back up camera mount, found in the optional Core Package, allows you to install an optional rear viewing camera. This feature provides an easy way to back up into tight areas.

F Our large and spacious slide out room features comfortable dinette cushions and extra large dinette seating. Our oversized windows usher an abundance of light into the unit.

G The heavy duty power tongue jack found in the optional Limited Package provides you an easy way to load your travel trailer with a push of a button.

H The rear travel rack, in the optional Limited Package, is an ideal location to store coolers, bicycles and any extra items that you want to take with you on your outdoor adventure.

I The self-adjusting brakes and quick super lube axles are two superior features found in the optional Core Package. These features give you added safety and convenience while enjoying your travel trailer.

J The radial tires are standard on Cherokees for the safety of your family and convenience of a smooth ride.

All Cherokee travel trailer and fifth wheels are available with optional Gel Coat exteriors.

LIMITED

EXPERIENCE THE FUN WITH CHEROKEE.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank,

empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
