DIESEL CLASS A MOTORHOMES

 **BERKSHIRE**

YOUR HOME FOR THE JOURNEY

BERKSHIRE DIESEL CLASS A MOTORHOMES

YOUR HOME FOR THE JOURNEY

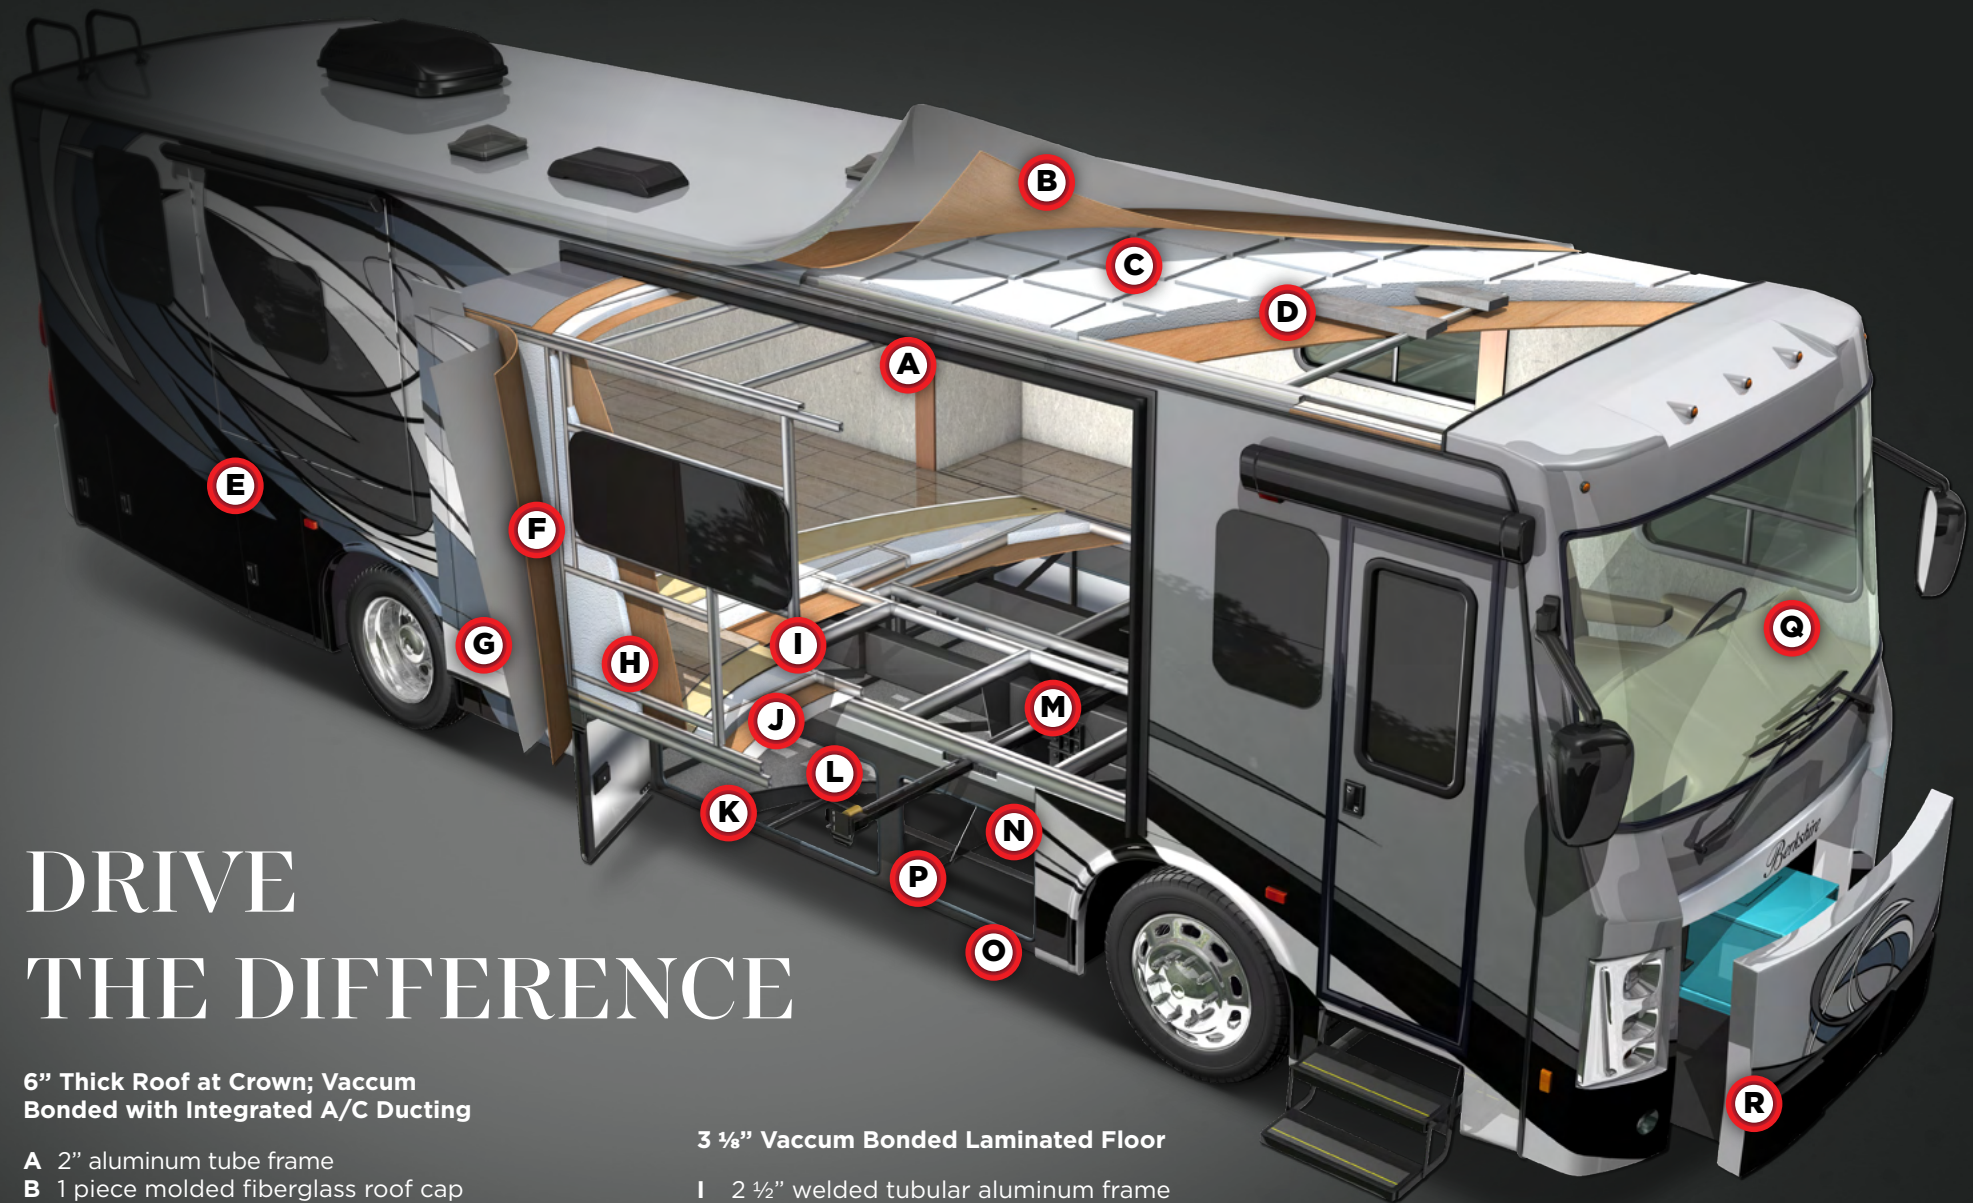

Discover the height of luxury and performance with the Berkshire diesel class A motorhomes. The unparalleled choice for travelers seeking extraordinary comfort, innovative technology, modern features, and residential styling. Finding the perfect floor plan for your family is easy, with eleven to choose from. Each floorplan is paired with a Freightliner XCR raised rail chassis and will feature a Cummins motor and Allison transmission that provides unmatched power, confidence, and comfort while travelling down the road.

Berkshire is truly your home for the journey.

DRIVE THE DIFFERENCE

6" Thick Roof at Crown; Vacuum Bonded with Integrated A/C Ducting

- A** 2" aluminum tube frame
- B** 1 piece molded fiberglass roof cap
- C** 5¼" radius polystyrene insulation
- D** Galvanized metal backers for A/C's, satellite, solar panels, and antennae

2" Thick Vacuum Bonded Lamination Sidewalls

- E** Composite backed fiberglass exterior sidewalls
- F** 1½" tubular aluminum structure
- G** 1½" polystyrene insulation
- H** ⅛" interior décor finishing board

3 ⅛" Vacuum Bonded Laminated Floor

- I** 2 ½" welded tubular aluminum frame
- J** 2 ½" polystyrene insulation
- K** 1-piece ½" structure board
- L** Core-8 waterproof composite underbelly

Full Paint Welded Steel Chassis Structure

- M** Tru-Brace chassis stabilizing system
- N** 1-piece aluminized chassis skirt
- O** 1-piece bent steel storage compartments
- P** 1½" insulated steel tube firewall

1 Piece Molded Fiberglass Caps in the Front and Rear, with a One-Piece Molded Fiberglass Roof

- Q** 1-piece automotive grade bonded windshield
- R** Generator slide system

DriveTech is the first RV driving system to maximize safety by putting every command in one easy-to-reach location

RoadWatch Collision Mitigation is a radar-based safety system that alerts the driver of possible rear-end collisions and will apply brakes to help mitigate a collision.

V-Ride provides superior roll stability and more predictable handline in all road conditions.

The V-Front Suspension delivers a ride that rivals independent front suspensions, all while delivering improved weight ratings and enhanced roll stability.

BrakeSync is the only factory-installed, factory-warranted supplemental braking system available on luxury RVs with FCCC chassis today.

The ZFTM Independent Front Suspension provides the tightest turn radius in the industry for added confidence and peace of mind.

All information contained in this brochure is believed to be accurate at the time of publication. However, during any model year, it may be necessary to make changes to the manufacturing process of the units and information in this brochure. Your unit may differ from the information in this brochure due to any changes in the manufacturing process and equipment. Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, combinations, materials, equipment and specifications of any model as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the availability of any materials, combinations, designs, or specifications that are meaningful to your purchase decision.
