All Foresters feature heated/enclosed holding tanks and utility station. Your tanks stay warm with forced furnace heat and your dump area remains free from road debris.

The Forester offers an optional back-up camera with 7" color monitor. Putting your monitor in the rear-view mirror allows you to keep your eyes on the road ahead. The separate monitor also allows you to use your radio or GPS while still driving.

All Foresters feature a 7" touch-screen radio. The radio offers AM/FM, CD and DVD playback, USB, Aux, weatherband and Bluetooth standard. The radio also offers the option of an iPod connector and in-dash GPS.

Select Forester floorplans now offer a 32’ outside TV. This 12 volt HD TV also comes with an outside DVD/CD player and speakers.
