

Cleaning Instructions

RMA XTRM PLY is easy to clean and maintain. Follow the steps below to help keep your XTRM PLY Roofing System looking good.

- 1.) From the side of the RV wet the surface of the roof membrane with clean soapy water, sponged or sprayed on.
- 2.) Scrub or brush the soapy water thoroughly to loosen any built up dirt or sediment.
- 3.) Rinse the soapy water from the surface with clean water. A rubber squeegee may be used to direct the water off the roof.

Recommended Cleaners:

Fantastik
Soft Scrub
Windex
Tilex
Murphy's Oil Soap

DO NOT USE THE FOLLOWING FOR CLEANING:

Cleaning Solutions Containing Solvents
