

PRO i5

**ALL NATURAL WATER FILTER
FOR OUTDOOR RECREATIONAL USE**

**BOTTLED WATER QUALITY
FROM ANY 3/4" GARDEN HOSE**

Protects against sediments, chemicals,
and other contaminants in water

**FLEXIBLE
HOSE
PROTECTOR
INCLUDED**

**HEALTHY LIFE STARTS
WITH CLEAN WATER**

WARNING:

- Do not use filter with microbiologically unsafe water.
- Do not use water filter in below freezing temperatures.
- Drain out all the water before storing.
- Store capped in refrigerator.
- Do not winterize with antifreeze.
- Operating pressure range 20-60PSI.

INSTALLATION INSTRUCTION:

1. Connect incoming water supply hose to filter with arrow pointing in direction of water flow.

2. Turn on water and flush it for few minutes before utilizing the water for your application.

3. Turn water off.

4. Connect filter to your application. If needed, use the No-Kink Flexible Hose that came with the filter.

IMPORTANT:

Flush filter allowing tap to run for few minutes if the filter has not been in-use for while.

OPTIONAL:

Filter can also be installed ahead of hose at faucet.

PART # **6-25IH1034H**

**BOTTLED WATER QUALITY
FROM ANY 3/4" GARDEN HOSE**

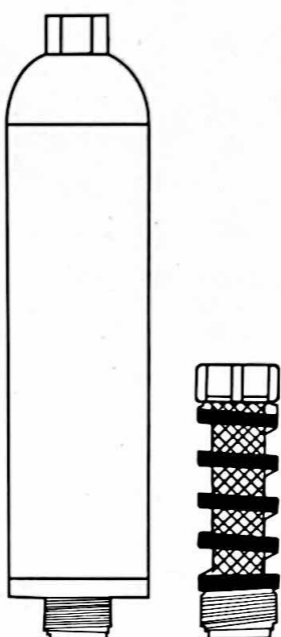

**Protects
against
sediments,
chemicals,
and other
contaminants
in water**

**HEALTHY LIFE STARTS
WITH CLEAN WATER**

FILTER LIFE / REPLACEMENT:

- Filter life depends on water quality. Replacement required after 2000 gallons used or when an undesirable taste or odor appears.
- Replace if water flow decreases significantly.
- Replace every 3 months to maintain the water filter purification efficiency

PRE-SEDIMENT FILTRATION LAYER

Reduces sand, suspended solids and large sized particles.

ADVANCED FILTRATION LAYER

Reduces fluoride and arsenic.

GRANULAR ACTIVATED CARBON (GAC)

Reduces chlorine, unpleasant odor and taste.

POST-FILTRATION LAYER

Further removes remaining suspended contaminants.

PRESSURE RANGE: 20-60 PSI

TEMPERATURE RANGE: 40° - 100°F

FILTER LIFE: 2000 GAL

FLOW RATE: 2.5 GPM

MAX PRESSURE: 150 PSI

CONNECTION: 3/4" GARDEN HOSE

MICRON: 5
